

1 · all-good

This slide is fine: it has a stable id and a narration block.

2 · no slide id

This frame forgot its `\ssid` — the checker flags the auto-generated id and asks for a real name.

3 · named but not narrated

This slide has an id but no narration block in the sidecar.

4 · duplicate id (first)

This page and the next both claim `twin` — the binding is ambiguous.

5 · duplicate id (second)

Same id as the previous page.

6 · double narration block

The sidecar holds two @double-block entries for this one page.
